

MC 2 (Squared)

2000a Website Program Description

Experience first-hand the high-focused energy and empowering beliefs necessary to achieve psychokinesis (PK). This natural but often dormant ability uses the power of our non-physical energy to influence physical matter. In MC² you use PK energy to bend spoons, grow seeds, influence computers and dice, and illumine light bulbs.

We have a new program, **MC Squared**, scheduled for November 4-10, 2000.

MC Squared is open to graduates of the [Gateway Voyage](#) plus one additional graduate program.

MC² = Manifestation and Creation Squared

MC² is an intensive graduate-level residential program, strongly engaging the heart, mind and spirit as well as demonstrating immediate practical results.

MC Squared, developed by Joe Gallenberger with the assistance of Laurie Monroe and Franceen King, is highly experiential and uses what has been learned in Joe's psychokineses (PK) workshops about the highest power of intuition and manifestation.

The program's purpose is to provide tools to more fully experience the potentials of human incarnation by moving into highest love and, in this highest energy, to experience the ability to be so fully connected with intuition that we can clearly perceive potential realities, select what we desire to manifest, and there-- in communion with the creative life-force--bring this potentiality into physical experience.

The program provides a dynamic answer to a question that TMI program graduates often ponder, "How can we apply what we have learned in altered states to enhance our experience in the physical?" The program will use [Hemi-Sync](#),[®] various exercises, affirmations and visualizations, plus extensive expansion of belief systems, to facilitate experiential learning of high-level skills in the area of manifestation. It is intended that participants will increase their ability to influence time-space events through non-physical (energetic) means for the purposes of healing of self and others, and bring into reality other desired outcomes quickly and surely. The course will build on principles identified through the successful practice of individual and group PK.

MC Squared is designed to be an intensive graduate-level program, strongly engaging the heart, mind and spirit; and demonstrating immediate practical results. The program will address the ethics of manifestation and healing, as

well as the issues of self-dominion balanced with surrender to a higher purpose.
